SPILL CONTAINMENT SOLUTIONS

VOLUME 24 PRODUCT CATALOG

KILLARNEY
METALS

Originating from Short Run Pro, Killarney Metals was born to provide innovative, American-made spill containment solutions for residential, commercial, and industrial applications.

We continue that tradition today, while keeping to our core values and paying tribute to our history.

Killarney Metals has pioneered innovation in both the residential and commercial spill containment markets.

Water damage protection will soon become a building standard in single and multi-level structures with Killarney Metals as the name to trust!

Our Core Values

**Essential Integrity | Focused Drive | Liberating Knowledge
Innovative Thinking | Made In The USA 🇺🇸**

Trusted by some of the largest brands in the world:

Residential Pans

Washing Machines

Your most important appliances are often the most likely to leak

Protect your home from water damage, mildew, and mold by installing a pan underneath your Washing Machines & Dishwashers. Washer pans are available in a myriad of styles ranging from our patented Trench Drain Pan to standard drip pans. For Dishwashers, our Open Front Pan makes installing a pan to protect your floor easier than it's ever been. For the ultimate peace of mind, add the Leak Alert Device (LAD) to your pan and receive smart-phone notifications when water is detected in your pan.

Residential Pans

Dishwashers + Ice Makers + Refrigerators

Cost effective solutions to protect your home from water damage

100% USA-Made pans from Killarney Metals are crafted for long lasting spill containment. When protecting your home from unwanted leaks from dishwashers, ice makers, and refrigerators, you can opt for standard drip/drain pans, leak pans, or the patented trench drain pan. Leak pans serve as a floor protector and notifier of drips, and the trench drain pan serves as the ultimate choice in water damage prevention.

Dishwasher Trench Pans

Size: 22x24x1

Finishes: Galvanized, Black, Stainless

Feature: Patented Drain Technology

Dishwasher leaks can cause more problems than just a puddle in your kitchen.

Dishwashers are notorious for small leaks over time, ruining the floors beneath your appliance and causing long-term issues like mold. Dishwashers can leak for many reasons but the main reasons are: a damaged water supply line, unlevel dishwasher, or a broken latch. Whether you choose a leak pan to protect your kitchen from unseen drips, or a patented trench drain pan to fully protect you from appliance failures and the devastating potential of water damage... Don't trust a plastic pan that can crack, get a Killarney Metals pan that lasts a lifetime.

Dishwasher Leak Pans

Sizes: 21x18x1 (min) x 21x25x1 (max)

SHORT RUN P R O

All Short Run Pro parts are 100% Made in the United States.

Short Run Pro provides full service capabilities from web-based engineering drawing services and prototype development to after service medium runs and large production requirements. Short Run Pro acts as the parent company for 3 sizable brands in the metal bracket market: Federal Brace, Killarney Metals, and Oeveo.

Short Run Pro (SRP) originated in 2006, and continues to streamline the custom parts procurement process to this day. Through the development of manufacturing processes, SRP gives buyers access to production capabilities so deep that almost any part is possible. This exclusive process reduces design, pricing and purchasing time while providing customers quality parts made to ISO 9001:2008 certification standards

Who is Mite?

Do You Give?

Known as a “**matchmaker for givers and charities**,” Mite’s mission is to engage givers in worthy charity — they accomplish this by funding projects of trusted non-profits worldwide.

Short Run Pro & Killarney Metals believes you should know exactly how your donation is used around the world — that’s how you experience the true joy of giving. Mite’s giver guarantee is that 100% of donations go towards projects. 100% of the time.

Their impact at a glance:

- Partnered with 30+ different outreach partners across 22+ countries
- Provided over \$1.5m in support of humanitarian projects
- Impacted the lives of 135k+ people

Short Run Pro is a proud partner of Mite, and is a continual donor helping to Do Good Globally. Learn more at mite.org
